Projects experience

Front-End Developer, Designer @ EU Codeweek

May - October 2021 # Brusel, Belgium

◇ Worked in the coding team "Codebreakers" of 5 people, in which I played the role of a Front-End Developer and UI/UX Designer.
◇ The web application took first place in Latvia and went to the European level, where it took 4th place.
◇ We developed a turnkey solution for both teenagers in the field of job search and companies for hiring workers.
◇ Used technologies such as React, Node.js, JavaScript, Express, TypeScript, Yarn, MongoDB, PostgreSQL, Sass.
◇ Tested extensively in different browsers and involved participants to test the web application.

Front-End Developer, Designer @ ES māja

April - May 2021 # Riga, Latvia

◇ Made together with the team "Codebreakers", where I was a Front-End Developer and UI/UX Designer.
◇ The web app came in second out of all the other submissions.
◇ Technologies such as React, Redux, Axios, JavaScript, Styled-Components were used.
◇ The web application was created as part of the "Iegriez Pasauli" hackathon for the Eiropas Savienības māja.
◇ Learn more about Europe in an interactive web application.

Front-End Developer, Designer @ Liepājas dome

March - April 2021 # Liepaja, Latvia

◇ The web application was created together with the "Codebreakers" team as part of the Lepaja hackathon to further promote the application.
◇ The following technologies were used: React, Redux, Axios, Firebase, JavaScript, Styled-Components
◇ The application received the third place and the award for the most creative GPS solution.
◇ In a creative way, you can walk around the city of Liepaja and find the sights and get points for it.

Skills

Programming languages

JavaScript, Python, HTML, CSS/Sass

Libraries & Frameworks

ReactJS, DiscordJS, TailwindCSS, Styled-Components, GatsbyJS

Tools

Git, Heroku, Blender, VSCode

Design

Figma, Photoshop

Languages

English, Latvian, Russian

Education

Datorium coding courses

2018 - 2021 # Riga, Latvia

3 month each Python, JavaScript, C# courses with confirming diploma

Riga State Classical gymnasium

2012 - Present # Riga, Latvia

Now studying at Electronics and telecommunication direction

Interests

Sports, swimming, workout, making Discord Bots, learning new technologies, eating chocolate
